Dear Sir:

Please substitute the enclosed three sets (twelve sheets per set) of Replacement Sheet Drawings for the drawings filed originally with this application.

The enclosed Replacement Sheet Drawings are identical to the original drawings except that the lines and figure numbers have been inked to render the drawings more "formal" -- to ensure that the drawings in this application comply fully with the requirements of the USPTO.

Inasmuch as no changes have been made in the drawings other than to ink them in the usual manner to improve the clarity of the lines that comprise the various views and their accompanying figure numbers, it is respectfully submitted that no "new matter" issues are introduced by the appended sets of copies of inked formal drawings.

Because no changes are deemed to be present, no "red ink marked" drawing copies are appended, and it is respectfully requested that any requirement for the provision of "red ink marked" drawings be waived.

The Replacement Sheet Drawings provided herewith are identical to Replacement Sheet Drawings that were submitted to the Office earlier during the pendency of this application, but which were never acknowledged in any of the communications received from the Office.

Although it is believed that no fee needs to be paid to file this communication and to carry out the request presented herein, if a fee should have been paid to accomplish these ends, permission is granted to charge such fee (or credit any overpayment) to Deposit Account No. 02-4700 maintained by the firm of David A. Burge Co., L.P.A. A duplicate copy of this Letter is enclosed.

Respectfully submitted,
